

Healthy School Meals for All

2023-24 SCHOOL YEAR

All Colorado students will be provided access to free school meals thanks to Colorado voters who supported the passage of Prop FF, Healthy School Meals for All (HSMA) and Jeffco is excited to participate!

Whether you are designated as a CEP School or not, please encourage all families to complete the HSMA Combination Form available on July 1. It's critical for all families to complete the form as funding goes directly back to schools in support of students and programming.
